**Kentucky State University  
Report: Implementation of Campus Visit Recommendations**

The committee conducted a campus visit at Kentucky State University February 20-21, 2007, and adopted the final report of the campus visit April 16, 2007, and requested that a report regarding the implementation of the recommendations be given at the June 18 meeting. This represents the initial KSU report on the status of implementing recommendations contained in the CEO campus visit report. The report is expected to identify strategies used by the institution to implement each recommendation and include discussion regarding the level of success and how success is evaluated.

Status reports are intended to assist the CEO in addressing its responsibility to monitor institutional progress in implementing *The Kentucky Plan for Equal Opportunities* and the Partnership Agreement with the U. S. Department of Education's Office for Civil Rights.

The detailed report provided by the university is included in the agenda. Additional information will be presented at the meeting by KSU staff.
